Grayling Store Damaged By Fire

Fire, believed caused by defect

so rehearses after school on Wednesday,

The Church Family Night sponsored by the church school is scheduled for Thursday of this week. Every family is expected to bring table service and sufficient food for their own group for the pot-luck supper at 6:30. The supper will be followed by the moving picture, "For Every Child" and a social hour. The Adult Study class aponsored by the W.S.C.S. will meet briefly to receive the textbook, "The Prophet, Jeremiah." The Teacher Training Class will not meet this week. Both classes will resume their regular seasions next Thursday.

Church Commission on Education
The regular monthly meeting of
the Commission on Education will
be held Tuesday, December 8th.
At this time a number of moving
picture projectors will be demonstrated as the church school hopes
to purchase such equipment in the
near future. Any interested members of other churches or local schools are cordially invited to at-tend this demonstration and exnine the equipment.

Shoppenagons Inn dining room will lio-closed during the month of Documber.

There will be more stewards elected at will be more stewards elected at a near future date. Reporter, Dorothy Decker.

Indies Open Home Stand

The Bear Archery Grayling In-dependents open their home stand in the 1953-54 basketball season

in the 1953-54 basketball season when they meet the Curtis Distributors of West Branch at the Grayling High Gym this Saturday night. A preliminary game has been set to start at 7:30 p. m., it was announced.

The Bear Indies meet a Pinconning Independent outfit at the local gym on Saturday night, December 12. They opened the current season by meeting Manton there last Saturday night with Grayling coming out on the shortend of the score. The Manton five had already played five games this season and were in top form. The win over Grayling gave the Manton team a string of sixteen straight victories, ten carried over from last season. Among their victories of the score. from last season. Among their victims so far this season was a powerful Traverse City Hospital

Fire, believed the wiring damaged up of the Phillips market in the Moshier building on US-27 here and the upstairs apartment occupied by Mr. and Mrs. William Moshier Thursday evening.

The interiors of both the market and apartment were badly damaged by smoke and water.

The fire was discovered when smoke was seen pouring out of the building and the pewer in that section of town began to fail.

The store had been closed for business only about a half hour before the fire broke out. Mr. and Mrs. Moshier were out of town.

Mr. Phillips loss was covered by insurance, Mr. Moshier's was not.

Phones Now 50 Million

the United States reached 50,000,000 today.
W. J. Imeson, District manager of the Union Telephone Company. of the Union Telephone Company, stated that in this country there is now a telephone for one out of every three persons as compared to one for every 68 persons outside of the United States. The Union Telephone Company, he said, is one of about 5,300 independent telephone companies serving the nation, together with the

pendent telephone companies serving the nation, together with the telephone companies of the nation wide Bell system.

President Eisenhower took part in a brief ceremony at the White House on the 18th commemorating this communication milestone. The symbolic 50,000,000th telephone was presented to the Chief Executive in recognition of the fact that he is the head of the first nation to achieve such a number nation to achieve such a number

of telephones The presentation was made on behalf of the telephone industry by Warren B. Clay, president of the United States Telephone As-sociation of which the Union Tele-

sociation of which the Union Telephone Company is a member, and Cleo F. Craig, president of the American Telephone and Telegraph Company (Bell System). This telephone, which was especially inscribed to mark its significance, will be turned over to the Smithsonian Institution. "Our company is proud to be a part of this observance" Imeson said, "for independent telephone companies have played an important role in the development of the nation's telephone communication network. Independent companies serving as they do two-thirds of serving as they do two-thirds of the geographical area of the United States, provide telephone pervice for cities, towns and reach pervice for cittes, towns and reach into the rural areas to provide the farmers with the means of contact with the outside world."

Pointing out that it is almost impossible to find a community in the United States where telephone

the United States where telephone service is not available, treson said that telephone service is the fastest and the most plentiful service in the world.

"One-reason for this," he stated, "is because the telephone industry is a free enterprise, operated entirely under private ownership. It is neither a government monopoly nor government-dominated. Nation-wide service is effectively co-ordinated through the united efforts of the independent and Bell companies."

Rites To Be Held For Mrs. Mary Flagg

Swanson-Smock | Vikings Drop Vows Spoken

Miss Kay Swanson, daughter of Mr. and Mrs. Ray Swanson of Grayling, became the bride of Gerald J. Smock in quiet rites Wednesday afternoon, November 25th at four o'clock, solemnized by Justice Frank Libcke at his Gaylord home. The groom is the son of Mr. and Mrs. Liland Smock of Grayling.

Mio, 82 - 37

The Grayling High Vikings opened their 1953-54 basketball season at Mio last Tuesday night and easily downed the Thunderbolts by a lopsided 82 to 37 score. Grayling hit for 20 points in the first quarter with Mio racking up 12. In the second canto the Vikings counted 19 while holding Mio to 4 to take a 39 to 18 halftlme lead. Grayling scored 22 points in the third quarter and 21 in the fourth while holding the host team to 15 and 6 respectively.

Coach Bruce Smith used a total of ten men in the contest with

team to 15 and 6 respectively.
Coach Bruce Smith used a total of ten men in the contest with Marvin Bielski leading the way with 23 points. Dale Pettengill scored 19, Red Hamilton, Allan Lucksted and Larry Pond each added 10 points with Roger Kesseler hitting for 8, Monte Malpnen 3 and Jerry Korhonen 1. Torh Gibbons and Richard Klien were both in the game for Grayling but did not score. Mio was led by Newlingham with 12 and Comstock with 9 points.
Grayling was called for 31 fouls while Mio committed 26. Grayling clicked at the foul line for 12 out of 29 shots while Mio hit for 13 out of 29 shots while Mio hit for 13 out of 32 attempts.

The Viking reserves won eveneaser as they downed the Mio second team 49 to 8. Coach Arthur Allen used just about everybody on the squad as the little Vikings held the Mio second team to one lone field goal. Their other six points came on foul shots.

Next Tuesday, the Vikings meet

Next Tuesday, the Vikings mee

Next Tuesday, the Vikings meet Fairview in a varsity and reserve contest. These games will be played at Mio as the Fairview gym is being used for classrooms following the burning down of a large part of their school last year. Fairview has arranged their schedule to play their home games at Mio while the Thunderbolts are at the transition part of their sea. at Mio while the Thunderbolts are on the traveling part of their season games. Fairview is expected to provide a little stiffer competion for the Vikings who now appear to have one of their bost teams of late years.

Kiwanis Club Notes

Lighted Field Project Moves

The proposed lighted athletic and recreation area took a small step forward in the last week when members of the citizen's committee and representatives of the City Council and School Administration met with S. J. Gilman, director of the Corrections Department's camp program

ministration met with S. J. Gilman, director of the Corrections Department's camp program throughout the state, at Camp Lehman last Friday afternoon.

Mr. Gilman expressed great interest in the proposed lighted area and termed it a "grand project." "Anything you do for youngsters is always a great thing." was the way he expressed it.

Mr. Gilman told the committee that it would be necessary to contact the new State Corrections Commission to get their approval for prison labor to be used on the project. "He said that any project on which prison labor is used must be first certified as cryic, that is that the land is owned by the city. County or school district. Secondly that the project will not be used for anyone's personal profit and that the needed finances and equipment to be used are on hand.

The Corrections Department is appropriated.

The Corrections Department is The Corrections Department is establishing a smaller camp about 4 miles east of the present Camp Lehman and the present camp will be cut as far as the number of inmates. Camp Lehman at present has about 125 men, it is honed to have about 75 men in the hoped to have about 75 men in the new camp and establish the same figure or up to 100 at Camp Leh-

man.
Mr. Gilman stated that a large number of inmates would be needed in the early spring to build the new camp, but he thought that possibly a 15 man crew could be made available for Grayling

possibly a 15 man crew could be made available for Grayling through July and August it the project were approved.

There is also a possibility of obtaining "volunteer" labor from the camps on Saturdays and Sunday, the usual days off for the inmates. Only those who wish to work on projects that day are available, but, a large percentage nearly always volunteer for the

available, but, a large percentage nearly always volunteer for the extra work.

Viking football coach Arthur Allen who was named as a committee of one at a recent P. T. A. meeting to investigate the lighted meeting to investigate the lighted field prospects announced that he had heard from his letters of inquiry from Mancelona, Charlevoix Bayne City, Cladwin, Harbor Springs, Rogers City, Cheboygan, Roscommon and Gaylord. He is still awaiting replies from West Branch, Petoskey and Cheboygan Catholic Central before compiling the answers to the several questions put to each school. He said that the replies he had received were overwhelmingly in favor of such lighted areas.

Six Beer **Hunters Shot**

deer hunters have been wounded while hunting in the Grayling area up to about 3 P. M.,

Graying area up to about 3 P. M., Tuesday afternoon.

Andrew Feldpaush of Eagle was brought to the Grayling Mercy Hospital Tuesday afternoon suffering from a wound in the right leg. On Monday, Donaid Rodenbeck of Lansing was hospitalized after being shot in the nose and Jerry Austermann of Pontiac was brought in the same day suffering from a wound in the left leg. Last Friday, Charles Warner of Erie was brought to the hospital with a severe gun shot wound in the left leg. Also that day, Jack McCormick of Luna Pier was treated for a gun shot wound in the finger and released. Also wounded earlier in the season and since released was James Jardin of Adrian who also suffered a leg wound.

Letters To The Editor

November 29, 1953 Mr. Robert Strong Crawford Avalanche Grayling, Michigan Dear Bob: Last wo.

Last week you published an article on the recent observations of the Fish Division of the Michigan Department of Conservation. I would like to add some further comment on this subject.

comment on this subject.

Trout fishing in the AuSable river system is very important to the economy of Grayling and Crawford County. The future of it is important to everyone.

To get the public reaction to suggested changes in raising the minimum length of Trout, and the restriction of various baits and lures, a public meeting is planned for the early part of next year. Before this general meeting is held group meetings of the Guides, Canoe liveries, Resort Operators and others should be held so that Canoe liveries, resort operators and others should be held so that they can consolidate their opinions. This will enable the general meeting to move along at a faster pace. Each group should select a spokesman to voice their views as they are decided on at the var-

as they are decided on at the various group meetings.

It is expected that groups from all over the state will be represented so it will be impossible for each person to be granted time at the meeting. each person to be granted time at the meeting. I sincerely hope that the groups reading this letter will arrange to get together and dis-cuss this important subject no lawer than the third-week-in Dec-ember. They will surely want to have a second meeting in some cases. This subject covers too broad a field to allow a decision to be made satisfactorly at one to be made satisfactorly at one

meeting.

If I can help in any way I will be glad to gitend any of these

Very truly yours, George A. Griffith

The Problem Of Chronic Illness . . .

One of the most difficult of medical problems lies in the financial strain imposed on families when a member is afflicted with long-term chronic illness. It is estimated that some 4,000,000 Americans suffer from this

Luckily, very intensive work is being given to find solutions. In 1949 the American Medical Association and other groups founded a commission for the express purpose of making a detailed study of the whole problem. And the AMA has joined with the American Hospital Association, the American Public Health Association, the U.S. Public Health Service, and the American Public Welfare Association in sponsoring a major conference on the subject, to be held in Chicago next March. The conference will be divided into five major categories covering the chronically ill - the patient at home, the patient in an institution, integration of facilities, research needed, and methods of financing.

We would be foolish indeed to believe that so complex a problem can be solved in a hurry. We would be equally foolish to believe it is incapable of sound solution. The improvement that has taken place in many fields and phases of medical care in a relatively short time is nothing short of amazing. An outstanding example here is the growth of the various voluntary prepayment plans which now provide tens of millions of passed away on November 30th.

people with protection against the economic effects of He had resided in Grayling 48 short-term illness

American medicine, in company with other agencies, is vigorously working on every medical problem not yet solved, and is confident of ultimate success.

THE HISTORY OF LIBERTY . . .

1

"Liberty has never come from the government... The history of liberty is the history of the limitations of governmental power, not the increase of it.

That was said more than 40 years ago by one of the greatest students of government who ever sat in the White House — Woodrow Wilson. And the warning he issued is a hundred times more important and timely now than it was then.

The overriding lesson that modern history teaches is that when we give government virtually unlimited power, freedom dies — and oppression and tyranny takes its place.

Build a machine gun and what happens? It either rusts in a warehouse or blows up on a battlefield. Build a washing machine and this happens: It takes the drudgery out of some woman's life." Secretary of Commerce

DEER KILL PROPHECY

The Michigan Conservation Depart-

that figure will top 50,000—and these same akeptics have told this writer that the buck kill won't be more than 80,000, which is quite a drop from the 100,000 estimated kill just few years ago.

Follows Department's Formula Far from dismayed at the current smaller size of our deer herd, game men feel that the population is now being fitted to the amount of available food in their range, and that the future health of our Michigan deer will be greatly improved. They look for more multiple births in coming years, plus a normal rate of growth which will produce bigger bucks. Winter starvation has stunted thousands of animals in the past. Low Kill Expected In One-Day

Last year about 110,000 deer were killed in the 3-day any-deer season. lightest!

In Grayling

Ever boss BIG POWER at this price?

Today's Local Delivered Price of the BUICK SPECIAL

2-dear, 6-passenger Sedan Model 480 littustrated)

Optional equipment, accessiones, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

YBB you didn't know IVA can get yourself a bundle of big and able Buick Fireball 8 power at the "6-cylinder" price shown here.

But that's only the beginning of the bigger things you get in this eye-catching Buick Special for the low figure it carries - a figure that's just a few dollars more than that of the so-called "low-priced three."

Take a quick roll call.

In this Buick you get more room than those few extra dollars can buy elsewhere.

You get more comfort-comfort that a lot more money can't buy anywhere elec-the comfort of the Million Dollar Ride, with coil-spring cushioning on all four wheels, torque-tube steadiness, Safety-Ride rims, the firm solidity of a massive X-braced frame.

You get more satisfaction—more of that good and happy feeling that comes from traveling in a car of ample roadweight, of brawny structure, of impressive styling.

And you get more fun, more thrill from bossing the walloping, silk-smooth power thrust of the highest-powered, highest-compression Fireball 8 engine ever placed in a Buick Special.

 \mathbf{W} hat it all sums up to is this straight fact: you get far more automobile in this Buick for just a few more dollars. Better look into the matter if it's a real deal you want for your money. We're ready when you are.

IT'S TRADE-IN TIME FOR A BETTER DEAL

Want the top allowance on your present car? Come in and see us for the happy news-now. You save money when you trade with us.

Letters To The Editor

Mr. Robert Strong, Editor Crawford County Avalanche Grayling, Michigan Dear Editor Strong:

I have read your Editorial in the Crawford Avalanche of November 18, 1953. I realize the futility of trying to compete with the Press but most the information contained in your Editorial is so distorted that I think the Crayling High School football Is so distorted that I think he Grayling High School football fans, who have been sold "down the river", ought to know what the facts actually are.

The G. H. S. Athletic Board did attend the Northern Class "C" Conference fall meeting—not as members—but as guests as we do not enter the Conference until the spring of 1954.

not enter the Conference until the spring of 1954.

The All-Conference eleven for this year was named but as for the 1954 conference football schedules — they were made up some two years ago. By working in open dates of the schedules already made Grayling can definitely play five conference-games. If two or three dates can be juggled we can play six conference games which, with a conference games which, with a conference games which, with a conference date of seven games for 1954. Because we are breaking into schedules already made we probably aren't going to have a normal schedule next year. One game was definitely contracted at Boyne City to be played in Grayling with two other ones good possibilities which would make three home games, under lights if possible. When we left the Boyne City meeting we had a possibility of 2 comes with 3 in Grayling. meeting we had a possibility of 7 games with 3 in Grayling.

7 games with 3 in Grayling.
You speak correctly when you say that the Athletic Board knew of the Committee. The Committee representatives came to my office about thirty minutes before welleft for the Conference meeting, to present their petition. To my knowledge this was the first contact made with the Board of Education and in discussing the project with the representatives I understood that no official contact had been made-with the City Council.

You are also right when you say

You are also right when you say that lights for an athletic recreational area are workable. From an administrative stand point night contests are desirable. It is not uncommon to have several classes disrupted as early as 10:30 mm on game days how.

As for being "in the bag" 1 certainly hope you are right. If you will check back copies of the Avalanche you will find that a few years ago we started to raise money and got a few as a draw. rew years ago we started to raise money and got as far as a draw-ing of a workable plan. Some-thing went wrong and several ear loads of stock piled gravel ended up on the football-basebail area. The "lukewarm to lights" school officials carried in the school bud-cet an item for lights but lacked

officials carried in the school budget an item for lights but lacked a place to put them. Too much money involved to-just throw up lights anywhere. Our neighboring community on the south threw up lights and a football field two years ago. Ask them how many games they played there this year! The Superintendent of Schools there tells me that the community already has over \$8,000.00 in the project with more needed to finish it.

project with more needed to finish it.

If there is a "mess" to be aired and the Grayling Parents-Teachers Association is the place to do it I am sure that the Association will welcome a good turn out at their next and all future meeting. The attendance has been pretty slim this year.

I am glad that we agree that athletics are not the prime purpose of a high school. Athletics are one of several extra carricular activities. All such activities are secondary to the instructional services in the development of the basic three "R's". Today we over crowd our classrooms and then on a local, state and netional level we demand that our teachers take more and more time out of the school day for "extras" leaving less and loss time for those three "R's". I believe that Grandma with her hickory stick and drill books would have to pull in her corset string and but ion her shoes a little tighter if she were teaching today.

The relegation of Athletics to a back hall closes by the present administration hits close to the belt line if not below it. The present administration well remem-

administration hits close to the belt line if not below it. The present administration well remembers the planning, time and work it took in getting money to purchase football equipment so we could have a team again after a lapse of many years. Also we'll remember the recent war years when there wasn't a coach on the faculty for a year. We kept our athletics out of the closet then.

Your closing statement it take

Your closing statement I take as a compliment to the present administration, we haven't had to de-emphasize athleties or any other extra curricular activity.

Should we have to? On the other hand I would like Plan Winter to know what, outside a lighted field,—we are unduly surpressing in our athletic department. There

in our athletic department. There are some things we need in athletics. We also need such things as a band room, a new homemaking area and a new science labortory but I do not think you will find many athletic squads better equipped or dressed than ours.

will consider the relation of Michigan's winter sports program to the state, the region, and the local community. State government officials; regional tourist association directors; and local leaders in winter sports promotion will participate in the conference with representatives of Chamber of Commerce and other local groups. The conference will be open to everyone interested in the welfare

wants.

I believe in the American way of Life-including the Freedom of Speech. I have faith in the community of Grayling and its people. I do not believe that any group will feel that they are being sold "down the river" when they have the actual facts.

I do believe that anyone who uses unverified facts and who lacks faith in his community and its people, comes pretty close to nailing up the For Sale sign.

Yours truly Yours truly
Frank L. Bond,
Superintendent

and the minter sports areas win plored.

The purpose of the conference, said the Governor, is to promote the further expansion and improvement of the winter sports program in Michigan.

About the best possesion that anyone could have in this life is a kind and pleasant disposition.. These people are liked by everybody because they like everybody else. In truth, they inherit the earth. Their smiles and encouragement keeps the world from becoming: a desert. They are always ready and never too busy to help others at all times. If they ever get impatient no one ever knows it. They are the peacemakers of the world and have the art of making friends. The best they have they give to others. He who feeds another mind feeds two and reaps the most for himself.

Every quart of milk contains about a cupiul of cream or butterfat. This cream has a great deal of value but the best part still remains in the rest of the milk. It contains the minerals. Until late years these minerals were not too well understood. But now many of our best foods on the market are made. or mixed with this part of the milk. Use milk freely and you will learn more about the value of minerals in milk. Buy if from Hunter's AuSable Dairy in Grayling.

NOTICE OF HEARING

On Closing of Part of Spruce St. WHEREAS, the School Board of School District No. 1, Grayling Township, has requested the Council of the City of Grayling to

Council of the City of Grayling to absolutely weate and close that part of Spruce Street between Ottawa and Ogemaw Streets for the following reasons:

1. To correct a dangerous condition that now exists by reason of the proximity of said portion of Spruce Street to the School building of said district and the use-thereof by school children and vehicular traffic.

2. To create additional area vitally needed for expansion of the school grounds and the school building adjacent to said portion of Spruce Street.

of Spruce Street.

AND WHEREAS, this Council has investigated and considered said matter and deems it advisable and for the best interests of the Community and for the health and safety of the children of said schol district that said por-tion of Spruce Street be absolutely abandoned and closed, NOW THEREFORE, it is hereby re-

WE ARE STILL LOOKING FOR TRADE IN REFRIGERATORS ON NEW FRIGIDAIRE REFRIG. ERATORS AND RANGES.

SENIOR CLASS John Jackson

The senior class of Grayling High School has selected a committee of Phyllis Goss, John Jackson, Ronald SanCartier (chairman) Margaret Moore, David Owens and Frank Ludeman to investigate the different companies and gather facts for a yearbook. So for the er facts for a yearbook. So for the committee has contacted about a half dozen companies to compare prices. We hope to sell advertisements to the different business places around town. Prices agreed upon for advertising are: \$40 per page, \$22 per ½ page, \$12 per ½ page, \$7 per ½ page and \$4 per 1/16. Any advertising from ¼ of a page on up will have a picture. We hope to sell the books for around \$3.00 to \$3.50. It will be something a student oan trimicmber his school days and friends with in years to come.

Caroline Long
The class has finished their
"Hock towel weaving" this week,
and are doing very well on their
towels. They are hemming by,
hand, Jimmy Schafer is in the
Traverse City Hospital with pollo.
Others on the sick list are; Carol
Fenton, Caroline Allison, Patty
McNeil, Cary Springs, Karert SanCartier, and Linda Peterson
Thanksgiving pictures for art have
been made.

-GHS--SECOND GRADE NEWS

Rita Screnson Mrs. Fenton's class, the second grade is now decorating their room for Thanksgiving. They have pictures of pumpkins and fruit along the blackboards.

They are also making books on the story of the pilgrims.

Nancy Sorenson is back to school again after being sick for

LICENSE FILLERS

Of the local nimrods, we have earned of, the following having illed their deer licenses: Harold Golnick got the largest

Harold Golnick got the largest buck as far as we have heard a fee point, 215 pound buck. Incidently he won the automobile robe and case that was given away by the Black and White Grocery, to the hunter shooting the largest buck. Ralph Willelts also got a buck with a beautiful rack of horns. It was an 8 pointer, weighed 122½ pounds and was shot near Lovells, and at 8:30 o'clock on the opening day.

Mrs. Sara Walz is the only local woman hunter that we have heard of getting her buck on the opening

of getting her buck on the opening day. It was a spikehorn.

Other successful hunters are Lawrence Hunter, Delbert Bailey

solved that a public hearing on said matter be held by this Council at the City Hall in the City of Grayling, on Monday the 14th doy of December, 1953, at 7:30 P. M. and that notice of such hearing and that notice of such hearing shall be given by publication of a copy of this resolution in the Crawford Avalanche once in each week for four weeks prior to said hearing, AND,

IT IS FURTHER RESOLVED,

IT IS FURTHER RESOLVED, that objections to the vacating of said portion of Spruce Street may be made in writing and filed with the City Clerk of said City prior to said meeting and that all persons interested in said matter may attend and be heard at said meeting. ing.

Russell Carlson, City Clerk. 19-26-3-10
